Town of Queensbury Town Board
Request for Lead Agency Status for purposes of SEQR review
Woods at West Mountain Planned Resort Development

October 15, 2025

To whom it may concern:

The Town of Queensbury is in receipt of the hereto-attached Full Environmental Assessment Form (FEAF) Part 1 for The Woods at West Mountain Planned Resort Development.

The applicant proposes a resort development at the West Mountain Ski Area. Major components of the resort include a base area alpine village with retail shops and food service, townhouse development, condominiums and apartments, hotel/banquet/spa complex/athletic club, day-use lodge area, and single-family home development/subdivision. A new high speed capacity lift is also proposed under which a ski trail will be developed along with interconnect trails to existing trails. Town Board approval will be required for a petition for Change of Zone from Recreation Commercial (RC) to Planned Resort Development (PRD) along with code amendments. A water line from the Hudson River for “raw water” for snow making and a sewer line for treated sanitary waste is also proposed to discharge to the Hudson River. The Town of Luzerne may also be an involved Agency in that the access road to Phase 5 is in Luzerne and is in need of upgrade. While the applicant’s preferred sewage treatment option is an on-site treatment plant with discharge to the Hudson River, the alternate for consideration is an onsite in-ground discharge system at the top of the mountain which may also involve the Town of Luzerne, if selected as the back-up solution.

The project is a Type I action. To view the application materials, please go to: <https://www.queensbury.net/departments/town-clerk>, click on Bulletin Board. You will find the application record under the Proposed Woods at West Mountain Planned Resort Development heading. Applicant submittals are file #s:1-3, 5.1, 13, 21-23, 25-27, and 30-31.

The application requires Planned Resort Development and Petition for Change of Zone approvals by the Town of Queensbury Town Board. Thus, the Town Board, as the official agency, has concluded that it is the most involved agency and should be lead agency for the purposes of the State Environmental Quality Review Act (SEQR) review.

Accordingly, this memorandum constitutes notice that the Town of Queensbury Town Board is seeking lead agency status pursuant to SEQRA. If your agency is considered to be an involved agency under Part 617 of Title 6 NYCRR and if your agency consents to the Town Board being designated as lead agency, please indicate in writing by sending to:

Stuart Baker, Senior Planner

You have thirty (30) days from the date of this notice to object to this notice and Lead Agency designation.

Thank you,

Project Narrative

The Woods at West Mountain will function as an adjunct facility to the existing West Mountain Ski Area. It will offer an alpine village experience with amenities as well as extended stay accommodations and services. Major components of the resort include a base area alpine village with retail shops and food service, townhouse development, condominiums and apartments, hotel/banquet/spa complex/athletic club, day-use lodge area, and single-family home development. A new high speed capacity lift is also proposed under which a ski trail will be developed along with interconnect trails to existing trails. Town Board approval will be required for a petition for Change of Zone from Recreation Commercial (RC) to Planned Resort Development (PRD) along with code amendments. A water line from the Hudson River for “raw water” for snow making and a sewer line for treated sanitary waste is also proposed to discharge to the Hudson River. The Town of Luzerne may also be an involved Agency in that the access road to Phase 5 is in Luzerne and is in need of upgrade. While the preferred sewage treatment option is an on-site treatment plant with discharge to the Hudson River, the alternate for consideration is an on-site in-ground discharge system at the top of the mountain which may also involve the Town of Luzerne, if selected as the back-up solution.

The complete list of governmental approvals required for the project included the following:

- Town Board approval:
 - Petitions for Change of Zone from Recreation Commercial to Planned Resort Development (PRD) along with code amendments, and
 - Water District Extension (approval of Map, Plan & Report).
- Town Planning Board:
 - PRD Advisory opinion issued on 4/10/2025,
 - Subdivision Approval, and
 - Site Plan Approval for each Phase of the Project.
- Town Zoning Boase of Appeals:
 - Variance from section 179-6-050 (Shoreline Regulations) and section 179-8-040 (Shoreline Buffers).
- Queensbury Water Department:
 - Water District Extension.
- Town of Lake Luzerne Planning Board:
 - Site Plan approval for Phase 5 access road, and
 - Sanitary Sewer Effluent discharge, if that option is selected.
- Warren County Planning Department:
 - GML 239-m review issued 1/16/2025.
- Warren County Department of Public Works:
 - Curb cut permit, and
 - ROW easements for sewage effluent line and “raw water” line for snow making.

- NYS DEC:
 - Stormwater Pollution Prevention Plan,
 - Hudson River “raw water” line for snow making. Note that system layout details have not been submitted for review,
 - Hudson River sanitary sewer effluent discharge line, and
 - Wetland and/or Stream Disturbance permit (if required).
- NYS Department of Health:
 - Subdivision approval.
- NYS Department of Labor:
 - Installation of a new chair life.
